

Here are some links/articles of interest on elder abuse, caregiving, and/or local resources.

2022 National Strategy to Support Family Caregivers: This "was created to support family caregivers of all ages, from youth to grandparents, and regardless of where they live or what caregiving looks like for them and their loved ones." - <https://acl.gov/CaregiverStrategy>

Caregiving in the US 2020: This is a research series from the AARP and National Alliance for Caregiving that we reference often in our work
- <https://www.caregiving.org/research/caregiving-in-the-us/caregiving-in-the-us-2020/>

"The Center for the Study of Aging supports caregivers on campus, promotes student research": This is a compilation of recent research conducted on caregiving, relatives as parents, and persons living with dementia by the Center for the Study of Aging at Boise State University - <https://www.boisestate.edu/news/2022/10/27/the-center-for-the-study-of-aging-supports-caregivers-on-campus-promotes-student-research/>

Idaho Commission on Aging Annual Report: A wonderful overview of several programs and resources at the Idaho Commission on Aging.

<https://aging.idaho.gov/wp-content/uploads/2022/12/ICOA-Annual-Report-2022.pdf>

These programs and projects are referenced in the presentation:
